2. Discussion on Solar Lighting within the Cemetery: The Trustees were approached by Cowell with a suggestion for the placement of outdoor lamp posts that could be strategically placed in the old section for night lighting. The Trustees were provided with pictures depicting lamp posts and the lights would be solar powered. There was consensus of the design with the request for a lumen light higher than 60 lumens, information on the type of metal thickness and type of sensor. Further research will be provided at their next meeting for discussion. This was a discussion only item.
3. A Veterans Memorial within the cemetery.: Cowell requested the Trustees consider the possibility of constructing a Veterans Memorial Monument. The Trustees were provided a picture of a proposed monument that could be placed on the S/W side of the existing Flag and rose garden in the columbarium area. To accomplish the desired placement, three shrubs and two rose bushes would need to be transplanted to another area. This suggestion arose as our cemetery does not have a specified Veterans site. Also, due to an impromptu Memorial celebration held in the rose garden last May, the Legionnaires stated that they would now hold the Memorial Day celebrations in that area. Cowell informed the Trustees that if they so approved, she would address the Legionnaires and see if they would be willing to donate some funding for the monument. Cowell will report back at the next meeting for further discussion. This item was discussion only.

Trustees Comments: None at this time.

The next scheduled meeting will be held on October 21, 2021.

The meeting was adjourned at 4:21 pm.

Respectfully submitted,

Sandy Cowell - Manager
